Come to Earth and guard us!
Blaze Thy Powers through!
Come! Possess and rule us!
Make all bow to You!

Charge us with Thy Power!
Clothe us in Thy Flame!
Make all feel Thy Mastery!
Speak God's Cosmic Name!

All here must obey Thee!
This we all demand!

BELOVED GODDESS OF LIBERTY'S DISCOURSE

Through Mr. G. W. Ballard

Washington, D.C. April 4, 1938

BELOVED CHILDREN OF THE LIGHT, in the constant call of mankind for evidence, We have given you tonight some evidence of what Happiness means in your lives, individually and collectively. There is no one particular activity that is so helpful as Happiness in the release of Energy from your "Presence"; and the beauty of this is, as We know so well, mankind can generate this Happiness at will. It is not a thing requiring any certain condition.

Therefore remember that you are the Authority and that from your "Presence" comes all Happiness. You think that outer conditions produce It. That is not quite correct. Sometimes it does draw your attention to certain things that release this Energy of Happiness, but do you know, Beloved Ones, that Happiness is energy qualified? You are qualifying energy every moment; therefore why not qualify it with Happiness? Your "Presence" then will give you all the Happiness you require or need for any specific activity. Then in addition to the Happiness from your "Presence," that Light, that Energy which is carrying Happiness to you always contains the other Qualities which you require—for instance, strength and power of achievement for that which your attention is fixed upon.

Let us feel tonight, and oh, Dear Ones, when We bring your attention to these certain points of activity in this tremendously charged atmosphere, please charge yourself or the Power of your "Presence" or the Higher Mental Body to sustain that, hold Its Activity within you forever. You would be surprised how days or weeks later you will suddenly find the activity of this Charge released and anchored within your feeling world tonight. But oh, how easily we forget, not the things we should forget, but the things we want to remember. That is because of the discord that is charged in the world of activity of mankind; but still you can surmount any of these things and conditions which you find in the

© 1986 Saint Germain Press, Inc.

outer world. Now please believe that; then you will be able to prove it to yourselves.

You must first believe a thing and that it is possible for you, because your "Presence" is not limited in any way. Now then, let us right now charge these Mighty Healing Currents to be sustained, not only the building but in and through your bodies; and let us go a step further, that you are able to project those Currents of Healing to anyone else whom you choose. Now establish, qualify, and charge That to be sustained in your world of action tonight. Oh, let us begin and build that mighty Victory of the Light through your human forms. If you are as determined as We are to set you Free, you will have that Freedom quickly!

Beloved Ones, oh, if you only knew how determined We are, and when We see your joy and happiness and your attention to the "Presence" of all Life, why, do you think there is anything in the world that We would not do for you that the Law of your being permitted?

Remember, as long as you will keep your feelings harmonized and give your Call to the "Presence," there is not one thing that you cannot have. It only means a sustained feeling and Call to a gaining of greater and greater momentum and release of Energy from your "Presence," until every limiting thing will be swept from your feeling world and you will stand forth a Being of Light —which you are.

Why do I say that, when We see the appearance of so much imperfection in the human form? Because I am not talking to that imperfection. I am talking to the Power of Light that is the Light in your human form; that is what I am talking about, and that is what I insist on bringing into action in Its Full Power through the flesh! Will you not join Me in that firm, powerful determination to have that Perfection of Light which is Health in your body?

As your Blessed Lotus has said to you so many times, all mankind needs in the human form is more Light—and it is true, oh, so true; because you are, the real *you* is composed of Light, Light-Substance, and then this is very wonderful tonight. Take the fullest advantage of it, and let us continue now just for a moment before we change the attention. Remember that here in your

© 1986 Saint Germain Press, Inc.

physical Heart is this mightiest Presence of Light anchored—Its Currents and Rays of Light going to every cell of the body; therefore, as quick as you will realize this and gain the momentum of Its Action, you will find at any moment you can direct a greater intensified Current of that Light and Energy to any part of the body and restore it to Harmony; and not only that, but dissolve cause, effect, and record of whatever in your feeling world caused the disturbance.

Now tonight let us, in this particular activity, so far as the health condition of your body is concerned, let us take this Tube of Light into consideration, because there is where you hold your Dominion. Suppose I swept out of your bodies tonight every particle of discord that was there, and then you moved in the outer world tomorrow and you met all kinds of conditions and accepted into your world these conditions; again you would begin to experience those things over, would you not? Therefore, the need is for the Tube of Light about you, which Invincibly prevents any more discord striking your world, your physical body; and therefore, then you hold the Strength, Power, the Momentum that you have gained, and It would be sustained.

That is why, Beloved Ones, within the last few weeks an individual called to the Messenger for assistance, and the Healing was instantaneous. They were not anchored in the Work very much, just a new Student, so their curiosity got the best of them, so they thought, "Well, I am feeling all right since the healing, but I think I will go to the doctor and see what he says about it." So off to the doctor they go. Fortunately the doctor was sincere, and to her utter amazement he examined her with the X ray and all the other examinations, and he said, "There is not a single thing the matter with you." Well, it was a fortunate thing. If he had told her that the condition was still there she would have caused its return. That is why, Dear People, many times people are healed completely and instantaneously, but because there is still some effect left from the old appearances, they begin again to accept the same thing and—being the decreer of their world—bring on the condition again.

Dear Ones, I tell you, you can scarcely conceive, until you have gone a little further in the comprehending of the activities of

 © 1986 Saint Germain Press, Inc.

your life and your body, how really responsible you are for the conditions that you continually impose upon it just by the lack of understanding.

Now then, will you please study this Work? Oh, it does not matter if you have read it fifty times, Dear Hearts; to read a thing does not mean you comprehend it. But with a great determination, read so you comprehend, grasp, and apply these simple, majestic Laws which Beloved Saint Germain has given you—the most wonderful in the World, and yet so simple that a child can understand Them.

Now while We continue the talk of the evening, will you now charge your mind, body, feeling world, and activity to hold forever sustained this Charge which has been given into your being tonight, for your perfect Health sustained, and let It do Its Perfect Work for you and hold Its Dominion there?

In bringing to your attention the conditions of the World, your America and Her people, when We ask you to work through your Decrees with great firm determination, know that it is not necessarily something that anyone should fear, but to accomplish the Victory of the Light is good, and is but the Sustaining Power of that Light. Now suppose tonight the Victory of the Light for America and Its Protection was here. Well, there is still more to be done beside that, for it means the restoration of conditions; the re-establishing of new conditions, which is the transforming; or shall We say for an easy understanding, turning upside down of human conceived ideas of what has been up to this time, or until you began to understand your "Presence," because the Understanding of your "Presence" reverses almost everything in your life.

You all know, and We must keep reminding you of these things, as We bring out point after point for your consideration and contemplation, that the condition of the World exists because of mankind's having requalified and charged this energy as it goes forth in the world and action of mankind with discord and destructive qualities. Now then what is the remedy? Knowing that you are the cause of what is in your world, then do you not have to reverse all your concepts in order to prevent its further action?

Now just let us take these simple things that every day you

© 1986 Saint Germain Press, Inc.

look upon—the appearance world, and there you see these limitations and conditions that exist among mankind; and humanly you would say, "Oh dear, how in the world is that to be remedied?" And you see individuals who you think have power either politically or commercially and you say: "Well, you cannot govern those individuals; you cannot govern your politics; you cannot govern these people who are bringing"—well, to make it plain let us say, "deception into the world of action of mankind." Well, if you accept that, as Students of this "Mighty Presence," do you not see how you too are adding to the limitations of the World again?

You are quite a different being, Beloved Ones, from what you were before you came to understand your own "Presence." Your responsibility is greater. Therefore, if you are not strong enough to take your stand and refuse acceptance of these various appearances in the appearance world of mankind, and you continue to accept that with your greater power which you are releasing, do you not see then you are making yourself a part of it to the greater destructive quality of mankind? Not that you want to do it, but if you are involuntarily accepting these qualities after you know better, then you have made yourself a part of adding to the World's condition, which you are calling the Powers of the "Presence" to set free.

Now I am speaking of this tonight because in the feeling world of many, many individuals this is going on unknown to the intellect; and that is why many times the Students do not have immediate action to their Call for whatever it may be, because the feeling world is still accepting these limitations.

I talked to a lady yesterday, a Student in Europe whom I have watched over for some years, and I could only reach her through Inspiration; but it became clear enough so I began to question her, and I said, "Why do you not govern your feeling world?" At first she said to Me, "Why surely I am," and I said, "That is because you do not see what is acting there." Within two weeks I had brought into her hands *The Magic Presence,* and with the Chart before her, through the impelling power of her feeling, I caused her to look at that Chart, and by the attention upon that, I was able to cause her to comprehend that two distinct actions were

© 1986 Saint Germain Press, Inc.

going on in her being—her intellect and her feeling world, and they were not in harmony with each other; and I was able to have her comprehend that. As soon as she began to take notice of it through the attention, then she began to analyze to see how far her feeling was from following the power of her attention, and her gratitude was tremendous.

That is one of the few that We are able to touch in that peculiar manner, clear enough to have them comprehend; but that lady I will watch, and give her the assistance to clear the comprehension completely. As she understands, reads the Books and gains in Application, she will be able to determine whether her feeling is following the attention in the full power of that which she wishes to have it do. And that is the need of all Students in the World today. Not that you should become analytical, that is not the idea, but to watch and stand guard that your feeling, to use one of your peculiar expressions, that your feeling is backing up the power of your attention—then your results will be with tremendous power and speed.

Now this concerns not only your individual life, but your political world, your governmental activity. Why, My Dear Ones, you want to have America protected; well physically it would be a most difficult thing, because when you attempt—now notice this in your individual lives as well as your governmental life—when you physically try to do a thing, sometimes in the lack of discrimination, you say something, you do something that sets up some form of antagonism, and you have lost your victory physically.

When you issue these Mighty Decrees to act in the mental and feeling world of mankind, there is no human resistance. Then do you not see when the feeling world of your governmental officials, your industrial officials, becomes quiet, then the Powers of their "Presence," through each one's Higher Mental Body, will take advantage of that and operate in their feeling world the Activity of these Mighty Decrees, Dear People.

Oh, do you not see how magnificent is your privilege in issuing these Mighty Decrees? When you issue Them in the vibratory action and power which you have today, now in the great release of that power and energy, oh, you have no idea! You Students of

Washington, you have been doing wonderful, blessed work, and of course now all of the Students of the World are issuing these Mighty Decrees for the Perfection of the government, the industrial activities. Won't you feel now and forever the immeasurable Limitless Power of these Mighty Decrees acting in the mental and feeling world, to produce these results in the government, the industrial world, that you need—that mankind must have to allow this great Perfection to come into action in the world of mankind?

Tonight as this great Energy was released in this room, in the number of people that are here, the Mighty Victory, the Great Divine Director, the Mighty Astrea, the Queen of Light, and Others are utilizing this Energy while I am speaking to you, with tremendous Power in your city. We are charging This into the mental and feeling world of all the Students of the World, to know This, feel what I am saying to you, that more assurance, more confidence may be given into the feeling world of the Students, in the tremendous work they are actually accomplishing.

If you will allow Me, through your feeling world, I will endeavor to convey into your feeling world the comprehension of This, because words do not, could not describe what is being done. But I call your attention to it for the great encouragement it should be as you go on and on in the adding to your Groups and the issuing of these Decrees.

But Beloved Ones, in your Group Work, may I suggest that all of it become so dignified, so admirable, that everyone will want to come again; that all the joy that you experience will enter into and flood their being and world with its full power.

Again tonight the Great Divine Director has enfolded you in that Great Light from the Cave of Light in India, to glorify your activity of the future with the Power which is contained in that Light. He wishes Me—the Great Divine Director wishes Me—to give you just a little more explanation tonight of what that means. The Messenger himself has not known this, but the Light drawn in the Cave of Light at Chananda's Home in India is a consciously drawn and focused Power of the Cosmic Light. It is not just as you would term a natural activity that is there, but is a concentrated Power of Light for century upon century; and especially in Its

 © 1986 Saint Germain Press, Inc.

present intensity for more than five hundred centuries. Therefore, that is how and why He is able to draw This in Its less intensified activity and enfold you, since you cannot be there.

Do you think, Beloved Ones, that these Great Beings of Light would take their time from Cosmic Activities to give this Assistance to the Earth if it were not possible for you to give the response and obedience that would enable Them to accomplish for you and through you what is necessary for the Protection of America? Do you not see, Beloved Ones, that it is only by the release of your energy from the human structure, the physical body, through your Call, that gives the connection to the Great Cosmic Light by which They may amplify and do this Service for the Earth; otherwise, your Call would not be necessary!

But it is not only your Call, and that is why the Messengers and various Ones have urged you to step up the vibratory action of your Decrees and Songs; because then you do release from your own body a certain quality of energy that is carried with the Energy from your "Presence," that makes it possible to release this great Power from the Octaves of Light to render this Service to the Earth that cannot be rendered otherwise.

I think today that is one of the important things for the Students to understand. The Messengers have not expressed that specifically until within the last two, three, or four Classes; but I feel tonight, in observing the conditions, that it is a splendid point. I shall endeavor to bring this point out in every Class so that the people will begin to realize that the Service they are rendering, not only in issuing the Decrees, but with a Vibratory Action that releases energy from the atomic structures of your bodies—enough of that will give the connection that They need to qualify and release the greater Power which is Theirs, into the atmosphere of Earth for the requirements that are there. This We will also charge into the consciousness and feeling world of the other Students throughout America.

It is quite a wonderful thing to see how individuals at certain points in Europe who, seeing and knowing the conditions that have existed and do exist, have been calling—they do not know why, but they have been calling to the Powers of Light; and that

© 1986 Saint Germain Press, Inc.

very Call to the Powers of Light brought them in contact with this Work of Beloved Saint Germain. And through that It is spreading like lightning from individual to individual, among certain groups of people—and some of them in official places—that We hope will do a tremendous work.

If We can get enough of this Idea of the "Presence" circulating in Europe, it will be a thousand times easier to stem the tide and hold the Protection for America, and that is what We are endeavoring to do. That is why Saint Germain has scarcely left Europe, except to come for a few hours for something; but He is finishing His Work, so He is ready to be here for the opening of the Class, which He never fails to do. I mention these things for your encouragement, for your strength, and for the quality of feeling that must be anchored in your feeling world that you will not just parrot words—you are not just having a good time. On the other hand, you are not overworking yourselves, but as many of you have discovered when you get your Decrees and singing above a certain tempo, there is no such thing as being tired or exhausted. It generates an Enthusiasm, Joy and Power, and such an intense release of the Energy that you receive ten times what you release.

That means that your feeling world is being charged with a supply of Energy for any emergency. I have seen, many times, when our Beloved Lotus asked the people to charge themselves with ten times more than they needed, and to many people that sounded ridiculous; but let Me tell you, it is not. If you do not have reserve energy in an emergency, where are you going to be? That is very important.

Suppose you are calling for ten times the money that you need. Does that too sound ridiculous? Well one day you will find it is not; just the same condition prevails. There are hundreds of instances in the lives of individuals when a certain emergency comes, through no cause of theirs, in which added energy, additional money is required; and if they sincerely called for ten times what they need, they would always have enough for an emergency.

Suppose they wanted to go to the Shrine Class; the money would be there to go. I am determined tonight to anchor for constant use in your feeling world—your "Presence" is the All-power

 © 1986 Saint Germain Press, Inc.

to release into your hands and use, money or whatever else is required for any constructive purpose. It is true, and there is not one of you who cannot call it forth. Suppose you want to go to the Shrine Class—why shouldn't you? If you take your firm, determined stand now, the money would be there, abundance to care for you. But also complete your Application, not only for your expenses there and back, but while you are there and ten times more than you need while you are there.

I am determined, Blessed Ones, that you lose tonight your human concepts and financial limitations. Blessed Ones, call your "Presence" silently to take out of your feeling world the last particle of the human sense of financial limitation. Your "Presence" is the Treasure House of the Universe, and if you will just call the "Presence" to dismiss from your world, dissolve and consume cause, effect, and record of that which has caused you to feel financial or money limitation, then when you call for the money released, it will come.

Let us repeat tonight again concerning this point. When you call to your "Presence," the Treasure House of your world, well, it does not mean necessarily that It is going to release coin, gold, or greenbacks into your hand precipitated; but it means that in that Call to the Treasure House of your "Presence," the Love, Wisdom, and Power of your "Presence" will act to produce conditions in the world of mankind, including yourself, in perfect Divine Order and Divine Justice, to have released into your hands the money you require. It cannot fail—it is impossible. Therefore, tonight please accept It and let that Charge be sustained in your feeling world to act there forever.

Oh, Dear Ones, once you see and feel and realize that all that has held the use of things from you, has been your own limiting concepts concerning that! It is true. There is no other cause in the world. It is not persons, places, or conditions, not at all; but just your own self. It is all very wonderful, Beloved Ones, so very wonderful and so easy—all struggle ceases. Oh, you know how you have worked, how you have struggled to keep a roof over your head, clothes to wear, and something to eat? Well, if you can only accept the loving Radiation that I am pouring into your world

© 1986 Saint Germain Press, Inc.

tonight, you will be able to dismiss forever the feeling of money limitations in your world. I want you to do it. I want you to feel free, at ease; then as the Power, the Currents of Energy from your "Presence" are released, It will do Its work, perform Its Service quickly for you. Then as you see one Answer after another to your Calls, there arises from within, that great courage, strength, and confidence that holds you so firmly within its grasp, that no longer do the human concepts intrude to frighten you or cause you to become distrustful of the Powers of your own Life.

I want you to please understand this magnificent Point of Truth concerning the conditions that are prevalent today. You take officials that are not honest, politicians who are not honest, all that kind of thing that is going on and always has in the world. Do you not think their Higher Mental Body, their "Presence" wants them to be honest and just, just the same as you do? Now look! Please grasp this point with the fullness of your being! You are one of the individualized Presence of Life in the human octave; or in other words, you are this many people individualized by the Powers of Light in the human octave. You who are here, oh, any one of you have the full Authority and Power to call to all the Powers of Light for the release of all mankind from human selfishness, discord, and all those qualities that are not the Perfection of the "Presence."

Now then, do you not see what your Decrees are doing in that authority? As the Messenger, for instance, is conveying My Words to you through sound, he has the authority, and often exercises it in the Class, to issue a Decree for the freedom of mankind; because that authority going forth for one who feels and wants the freedom of mankind honestly and sincerely, is the authority for that release of Power for all mankind, for the very reason I mention—that the "Presence," the Higher Mental Body of everyone rejoices so exceedingly at everyone's Call for the freedom of mankind that goes forth in the mental and feeling world of mankind, and everyone feels that. The Higher Mental Body of every one of those individuals takes up that Call, takes up that Energy and charges It into the feeling world, just the same as if that individual made the Call themselves, except perhaps a little less powerful.

© 1986 Saint Germain Press, Inc.

Because if you as an individual will make an intense Call for the release of the Power and Perfection of your "Presence," it is the direct Call which perhaps would release a little more intensified activity than someone calling for you; but I mean so far as the authority from the human octave and the Call of Light is concerned, that Power is there within every individual for the rest of mankind, because you are one Presence, you are one Substance, Intelligence, one Light individualized in and through every human form.

That is why these Mighty Decrees are doing such tremendous work for mankind, and that is why these Manifestations in the sky take place, and there are many that have taken place that mankind have not noticed because they are busy in other things. You cannot sit up all night to watch the sky all the time. But if mankind would charge themselves to be alert to all these Manifestations, then many times hundreds would be prompted at the moment and contact and observe that Manifestation. But ere long you won't have to be worrying about that; you will see plenty without having to watch for it, and you will have plenty of Them acting right in your own world if you are sincere in your Call to your "Presence."

Oh, I want to say to you tonight, Beloved Ones, this is a most joyful occasion. Wonderful! As the Good Messenger said when the healing manifested to him, you don't know what you have done tonight! Oh, Beloved Ones, it is so gratifying to see how you are really feeling Our Reality and closeness. Our visits to these Groups have been the most wonderful thing. My Dear People, I don't know why you do, but you feel closer to Us in these Groups than you do in the Classes; you do, and it is wonderful, because it prepares you for the Mighty Radiation that is there, that gives you perhaps ten times the blessing and benefit you would have otherwise; and that is why We have taken advantage of these opportunities to do this extra work, Service, for the blessed ones.

Will you retrace your steps, just a few, not many, with Me for a few moments and go back just ten years ago, and see the conditions that existed then and the difference in you and your world today; or even in three and a half years for that matter. I tell you, Beloved Ones, if you saw the change in your feeling world, there is not anything that could contain your joy and happiness; and won't

© 1986 Saint Germain Press, Inc.

you feel that confidence, please, going on and on until the fullness of it outpictures?

All of this is a cleansing, purifying activity from within out, and there is only just this thin shell outside yet that remains just a little unresponsive; but it has to give way, just has to do it! As you stand firm and unyielding, all of a sudden even the shell will dissolve and disappear; then the Light will take Its Dominion in your world. What a wonderful thing!

Shall I draw to your attention, since We have touched upon this condition of health tonight, that in the outer surface of your flesh structure—perhaps I should make it clearer by saying within the skin of your body in most of the Students is the only part that is really not responding. Now that is not a thing to be defined and by that do not give it any importance; but I am trying to convey to you that just in the periphery of your flesh body is the only obstruction that remains yet of any consequence. So as you continue your Call to the "Presence" and call forth the Intensification of Light and Energy, and use the Violet Consuming Flame, you will find all that disappears, and then the very Radiance, the Power of Light going forth into your world will cause such a complete and perfect action in your Call to the "Presence" that you will see the evidence constantly before you! Therefore, have complete confidence in your Call to the "Presence" for the result you require. That is a magnificent thing, and I am sure tonight you are comprehending these points, and will hold them in your comprehension for constant use forever in your onward journey and the Perfection of Life, your Life, the most Wondrous, Glorious Being of Light, your own God Presence, the "Mighty I AM," the Presence of all Light, the Presence of all Life, the Governor of the Universe, as well as your individual Life.

You have anchored within your own Heart the Power, the Dominion of Light that knows no opposite, therefore, making you the Victory of Light. And as the Great Being Victory has offered to charge into your world His Victory of the Light, just accept It with your own conscious effort, and remember that never in the history of the Earth has mankind been so privileged or received so great an assistance as at this time, because of the great need of the World.

© 1986 Saint Germain Press, Inc.

So tonight, We enfold you in that Mantle of Light from your own "Presence" with Its Invincible Protection, Its Mighty Directing Intelligence, Its Outpouring of Divine Love and Blessing through your mind, body, and feeling world, and no longer can a single quality come that is not the Perfection of the "Presence" pouring forth Its Blessing everywhere. Just know that you are the "Presence," the Power, the Freedom, the Victory of the Light now and forever holding Its Dominion within your mind, body, feeling world, and activity, that produces forever sustained the Perfection of your "Presence" in your world throughout the Earth. We thank Thee, O Great Presence of all Life, that It is so established forever, All-powerfully active within each one forever.

GEM OF LIGHT

Beloved Godfre:

The Demand of the Cosmic Law, the Great Divine Plan of Life, is that the activities of the outer self become a Sun, a Radiating Center through which the "Mighty I AM Presence" of yourself, the Physical Sun, and the Great Central Sun can forever send forth Greater Honor to your Source, the "Beloved Mighty I AM Presence."

The purpose of Individualization is that the outer self may become a Sun Presence of the Sacred Fire's Expanding Love, which glorifies all Life, all substance, and all energy in the use of the outer self with the Perfection of the Great Central Sun from whence you came; and if you fulfill the Great Divine Plan of all Action, you automatically attain the Ascension harmoniously and without passing through the change called "death."
